

# CANVAS MILANO

380g - Matte 35% Cotton / 65% Polyester

## DESCRIPTION

Our Milano is a polyester-cotton hybrid. The coating is designed for printing with water-based inks and can accommodate high ink loads due to fast-drying properties. Once fully dried, the prints captivate attention with their bright colours, durability and robustness.

## PROPERTIES

The Milano comprises 35% cotton and 65% polyester and is compatible with all common dye and pigment inks. This canvas is water resistant and offers a high flexibility and protection against cracking. When printing with pigmented inks, the Milano has high light fastness.

## APPLICATIONS

It is perfect for fine-art productions, photo and photo art, framed reproductions, decorative uses and indoor advertising.

## ROLL WIDTH
